NOTICE

Please be aware that completion of this application does not guarantee a coaching position in the MOSA Select Program. We are requesting that our coaches plan to offer a minimum of 2 practices weekly to the selected players, beginning as soon as practicable. We also wish to remind coaches that a players Club commitment is considered primary, and they will be expected to fulfill Club commitments over Select practices. Players are being asked to commit to a minimum of 3 tournaments this summer. Additional tournaments are at the discretion of the coach, with the approval of the parents and the MOSA Select coordinators.

Important things to remember:

- 1) Coaches WILL NOT be assigned to their current coached age group. Coaches are expected to act in a professional manner while representing the MOSA Select program. Any "red card" ejection will be dealt with by the Board. This will probably eliminate you from coaching future Select teams.**
- 2) Coaches are expected to play all the players Selected. The program, although representative, is also developmental, and players commit to PLAY.**
- 3) Winning is encouraged, but NOT mandated. Player development, enjoyment, and representation of our League are the primary goals of the program.**
- 4) Information concerning expense reimbursement will be distributed to those coaches selected prior to your expected final commitment.**

GOOD LUCK!!
